

Roadworks: What speeds do drivers choose?

405 Queensland drivers were asked to **nominate a driving speed that they considered safe** for 12 real-world work zones

17-24 yrs
6.3km/h more than 60+ yrs

30-39 yrs
5.1km/h more than 60+ yrs

Visible worker presence
= reduction of **1.4km/h**

Poor quality adjacent
traffic lanes or shoulder
= reduction of **11.5km/h**
