

THE REGENERATE STUDIO#3: QUT LANDSCAPE ARCHITECTURE EXHIBITION

PRESENTED BY BRISBANE POWERHOUSE

Since 2014, Brisbane Powerhouse has partnered with QUT Landscape Architecture to re-imagine the place that is Brisbane Powerhouse.

This final exhibition brings the ReGenerate Studio cycle to a close, showcasing artwork by ten emerging landscape architects in response to the question "What is Brisbane Powerhouse?"

These works look to history, stand still in the present, and offer glimpses of what Brisbane Powerhouse might become in its next chapter, as this dynamic precinct evolves. Together they offer a poetic tribute to this Brisbane icon.
