#QDW19
Join us at the inaugural QUT Design Week 2019, to learn, engage with, and be inspired by design research, innovation and creativity. Over four days, leading researchers, designers, policymakers, industry professionals, health and urban stakeholders in the Asia Pacific region will exchange insights and ideas, build connections, and critically reflect on the intersection of design, technology, communities, and health.

QUT Design Week 2019 highlights the potential of design to positively transform our world, through research, education, collaboration and leadership across the design disciplines of architecture, interior design, industrial design, fashion, interactive and visual design, and landscape architecture. Whether you're looking for professional development, to understand sector trends, or simply to connect with like-minded people, QDW19 offers an exciting week of presentations, workshops, panel conversations and exhibitions. You can register for the whole week, or the sessions that most interest you, and meet leading experts in design, health and technology.
On behalf of the QUT Design Lab organising committee, it is my great pleasure to welcome you to the inaugural QUT Design Week. Over the next four days, I hope you have a wonderful time - learning, engaging with, and being inspired by design research, innovation and creativity.

#QDW19 offers an exciting week of presentations, workshops, panel conversations and an exhibition, as leading researchers, designers, policymakers, industry professionals, health and urban stakeholders in the Asia Pacific region critically reflect on the intersection of design, technology, communities, and health.

I thank all participants, workshop presenters, session chairs, keynote and plenary speakers for helping us to build this very exciting program, especially Dr Mirko Guaralda and Prof Marcus Foth for leading Monday's United Nations Urban Thinkers Campus, Dr Rafael Gomez for curating the IMPACT exhibition and A/Prof Markus Rittenbruch, Dr Glenda Caldwell and Dr Marianella Chamorro-Koc for programming the Change by Design Asia-Pacific Symposium. And, finally, I thank QUT Design Lab Coordinator Ann-Louise Hollett for overseeing the event program. More details about each event can be found on the official QUT Design Week website qut.to/design-week-2019, tweet your highlights, using the hashtag #QDW19 and if we can help in any way, please don’t hesitate to ask.

We look forward to welcoming you to QUT and Brisbane.
