

T³: Today's Teaching Tip

IS THIS YOUR TEACHING STYLE? - 1

The teacher as an **Expert**:

(1) Possesses knowledge and expertise that students need, (2) Strives to maintain status as an expert among students by displaying detailed knowledge and by challenging students to enhance their competence, and (3) Concerned with transmitting information and insuring that students are well prepared.

Advantage:

The information, knowledge, and skills such individuals possess.

Disadvantages:

If overused, the display of knowledge can be intimidating to less experienced students. May not always show the underlying thought processes that produced answers.
